From the Principal

On Wednesday the Hon Mike Baird MP Premier of NSW and the Hon John Cobb MP Federal Member for Calare officially opened the new classrooms and new improved playground at our school.

The new buildings were named after Mrs Carolyn Woll who was the founding Principal of Anson Street School. She played a major part in designing the original school buildings and promoting the school in the Orange Community.

Lady Dorothy Cutler, The Hon Mike Baird MP Premier of NSW and Mrs Carolyn Woll

Lady Dorothy Cutler was an advocate to develop services for students with special needs in Orange. She officially opened the school in 1972. Our playground is now named the Lady Dorothy Cutler Oval. It was an honour to have both ladies attend the opening.

The Premier enjoyed the choir’s rendition of ‘I Am Australian’, visited one of the new classrooms and chatted with students.

Special thanks to Mr Russell Webb, his wife Jillian and Mrs Cathy Dawson who worked on the design of the new buildings with DEC staff to ensure they were the best possible learning spaces and to Mr Gell for being the school contact during the building phase. Thank you to all the official guests, parents, carers and community members who attended the opening. You made it such a special day for the students and staff.

Enjoy your weekend
Garry Brotherton
